The enchantment of Porvoo

This is a guide to a place that will enchant the visitor time and again: Old Porvoo with its cobbled streets, the small galleries and the river lined with old wooden warehouses, a town in whose narrow lanes the ambience of days gone by meets the spirit of modern design. This is a guide to Porvoo, one of Finland's best and most popular tourist destinations. Porvoo is Finland's second oldest town, and of its almost 50,000 inhabitants about one third speak Swedish as their mother tongue. The name Porvoo itself comes from the Swedish Borgå, from the castle (borg) on Linnamäki Hill and the river (å) below.

The River Porvoonjoki flowing through the town takes you out into the Gulf of Finland and its beautiful archipelago.

The city guide will help you find the best restaurants, the cosiest cafés and the most interesting sights. Find out about archipelago cruises, guided tours, local delicacies and interesting routes for walking. Porvoo is a popular destination for day tours, but those who stay longer will have time to get a glimpse of the surroundings, too. The unique atmosphere of the archipelago with its picturesque villages and spectacular landscapes are an experience not to be missed.

Activities

SEE THE CITY ON A BIKE

Take a guided cycling and walking tour, experiencing Porvoo's fascinating combination of culture and nature. During the four-and-a-half-hour tour, we cycle to Kirkonmäki, Linnamäki and along the river banks. We will walk the Sikosaari Island nature trail through the woods, admiring the magnificent views of the sea. We will stop to see art exhibitions at the Art Factory, have a green lunch at Ani's Café, and hand-made ice-cream at Glassikko by the Old Porvoo Cathedral.
